

## GENERAL ELECTRIC

### GE Energy Financial Services

#### PROJECT OVERVIEW

GE Energy Financial Services is deeply committed to addressing today's environmental challenges. The company invests in renewable energy, boasting an impressive portfolio of more than \$4 billion in renewable energy projects worldwide. Given its mission, applying the latest green technologies in the construction of the GE Energy Financial Services headquarters in Stamford, CT was an imperative. The project was only the second in Connecticut to attain LEED Gold status.

#### PROJECT SPECIFICATIONS

Contract Amount: \$6,600,000

Facility Type: Commercial

Facility Size: 280,000 square feet

Location: Stamford, CT

#### SERVICES PROVIDED

Retrofit  
HVAC  
Fabrication  
Testing and Balancing

#### HIGHLIGHTS/ ACHIEVEMENTS

Fast-track schedule  
  
LEED Gold certified  
  
Computer-room systems  
  
Energy-recovery systems  
  
Cafeteria systems  
  
Installation, start-up,  
and commissioning

#### VALUE DELIVERED

Arden Building Company, MJ Daly, managed the installation of all HVAC systems, computer-room systems, energy-recovery systems, and cafeteria work on this landmark LEED Gold project. By successfully completing installation, start-up, and LEED commissioning in a five-month, fast-track schedule, MJ Daly challenged marketplace convention that pursuing LEED prohibits aggressive schedule goals.
